Muhamad Alfin Pratama

Junior Mobile Developer

Bandung, Indonesia | +62 89527927722 | muhamadalfinpratamaa@gmail.com | Alfinpratamaa.github.io | <u>linkedin.com/in/alfinpr</u>

SUMMARY

I am a junior mobile programmer with 1 month of experience since joining the JMP course by Digitalent Kominfo. During this time, I have worked on creating a mobile app project for ebooks. My key abilities include intermediate proficiency in English and logical programming

EXPERIENCE

Intern Staff at PT. Sarana Pancakarya Nusa

IT Support, February 2021 - June 2021

- System maintenance: Conducting regular system maintenance activities, such as performing updates, patches, and upgrades to ensure optimal performance and security.
- knowledge sharing: Maintaining comprehensive documentation on IT processes, troubleshooting procedures, and best practices, while ensuring that it is regularly updated and easily accessible to team members.

Project Mobile App At Campus

Create e-book App For android, June 2023 – July 2023

- Development and coding: Utilized my experience in Android app development using Android Studio and Java to write clean, efficient code, implementing the agreed-upon features and ensuring a seamless user experience.
- Testing and quality assurance: Conducted thorough testing and debugging of the e-book app to identify and fix any issues or bugs. This included both functional and usability testing to ensure a reliable and user-friendly application
